**FIRE SERVICE LADDERS
Working From Ladder**

NFPA 1001 2008 Edition 5.3.11/12

OBJECTIVE

Without a life belt, demonstrate the techniques of working from ground ladders.

INSTRUCTIONS

Given a designated ladder, demonstrate the techniques of working off a ground ladder. Check for proper angle of inclination of the ladder and climb to a height of at least 15 feet. Apply a leg lock and demonstrate working with the hand tool. Begin when instructed to start. The task will end when you state to the evaluator that all of the above identified tasks have been completed. Do you understand these instructions?

PREPARATION & EQUIPMENT

1 35 ft. extension ladder
1 fire fighting axe

Accomplish the tasks wearing "FULL PROTECTIVE CLOTHING FOR STRUCTURAL FIRE FIGHTERS" to include helmet, gloves, coat, trousers, boots and SCBA.
